One platform. Two footprints.

Every installation includes printer hardware, consumables, preventive maintenance, cloud workflow, secure document handling and user support.

Every plan includes: printer, paper, ink and maintenance fully borne by DoPrint. The institution provides only electricity and internet.

Negligible power usage

About 0.7 kWh at 3,000 prints per month - under ₹10 of electricity.

Student privacy first

Uploaded files are permanently deleted immediately after printing.

Operational visibility

Cashless workflow, usage tracking and managed replenishment.

THE DOPRINT NETWORK

From campus corridors to community clubhouses.

DoPrint is available across education campuses, residential communities and high-footfall venues.
